

Climate Leadership Summit Parking & Transportation Recommendations

CSU Lory Student Center Address:

1101 Center Ave Mall, Fort Collins, CO 80521

(All summit events are on the 3rd floor of the Lory Student Center by the main ballrooms above the food court)

Check-in: 8:00am-9:00am

Summit scheduled time: 9:00am-1:30pm

ALLOW AT LEAST 15 MINUTES EXTRA TIME FOR PARKING AND WALKING TO LORY STUDENT CENTER!

Car/Carpooling

Moby lot (east of shields by CSU Moby Arena) is CSU's recommendation for cost-effectiveness (\$1/hr.) but drivers can use "pay to park" spots by Lory Student Center if desired and available (\$2/hr). Spaces by the Lory Student Center fill fast and may not be available, so allow extra time to find parking.

Transit

Most Transfort routes (11 total) travel to CSU from across the City (see map - http://www.ridetransfort.com/img/site_specific/uploads/ALL_ROUTES_MAP.pdf). Students who are interested can::

- Enter their home and destination in Google Transit (<https://maps.google.com/landing/transit/index.html>) to determine which route is most appropriate for them
- Download the Transfort App - [App Store](#) or [Google Play](#) so they can visually confirm the bus is coming when they wait for it OR they can use this realtime map by selecting their determined bus: <http://www.ridetransfort.com/bustracker>
- Students in Fort Collins ride free!
- Also consider using a Park and Ride and taking the MAX into campus.

Bike

Bring a lock! CSU has three Citywide Low Stress networks that come to campus without riding on an arterial (i.e. Shields). This would be a great opportunity for students to:

- Learn how to wayfind a safe route (hippocampus training). Enter their home and destination into Google Maps: Go to Google Maps at <http://maps.google.com> .
 1. Select Get Directions.
 2. Type your starting address into field A.
 3. Type your destination into field B.
 4. Click Bicycling on the dropdown menu.
 5. Click Get Directions.
 6. Click on the route of your choice. Google will suggest several, in order from shortest to longest trip. Some routes may take slightly longer but may be preferable for other reasons, such as avoiding busy intersections or rough terrain.
 7. Customize the route by dragging the blue line (your bike route) wherever you want to move it to [source: [Google](#)].
 - Wayfind in a Group – Encourage the students to explore their route by riding together. Parents might like the “safety in numbers” too. Teachers could possibly chaperone by school.

School bus:

The bus driver can drop students off and go park the bus somewhere off-campus for the day and then come back and pick-up at the end of the day. **Recommend parking busses off site in the Poudre School District Partnership Center Lot: 1630 Stover Street, Fort Collins, CO 80525**

If they want to park on campus, they would need to purchase a permit and park in the Moby lot on the far west side near Shields. We would also want them to park across the spaces so they are not blocking the drive lanes as indicated below:

If the buses are staying in the Moby lot, the students could probably walk from there to the LSC but if not parking (or if they think that is too far to walk), there are two approved places to load/unload buses circled in red on the map below. One is on the south side of Plum Street just west of Meridian (signed as the “Bustang” bus stop) and the other is on the south end of the Oval. In either case, buses need to make sure they do not queue and start stacking up on each other. Unfortunately, Transfort has restricted non-city buses from dropping off in the CSU Transit Center on the north end of the LSC.
