

Climate Leadership Summit

Greetings,

In collaboration with [Colorado State University](#), Poudre School District's [Futures Lab](#) is hosting a Climate Leadership Summit for high school students this April. This event is targeted to high school and middle school students who are interested in learning more about sustainability, leadership, and how to make a difference in the world. We are currently booking amazing presenters and recruiting attendees from area schools. Things are coming together very well so far!

We need financial support to make this summit successful and are interested in working with you and/or your organization to obtain a tax-deductible donation. Whether it's in the form of cash, materials, or a needed service, we would be very grateful!

As a thank you, we would recognize you and/or your organization at the conference. To streamline the donations, we created several tiered options to choose from. Each option has its own level of recognition/promotion, and of course we can be flexible and work directly with you to find the best fit for your situation.

Indicate which level you wish to support.

Level 1 (\$50-\$100)

-Logo in conference program

Level 2 (\$101-\$500)

-Level 1 + logo on pre-conference slide show before Keynote

Level 3 (\$500+)

-Levels 1&2 + Special mention in conference introduction, other collaborative promotion TBD

Checks can be made out to "Futures Lab- Climate Leadership Summit" and mailed/delivered to:

Futures Lab
1630 Stover Street
Fort Collins, CO 80525

We are grateful for your time and support. Please contact Nick Peterson, the faculty sponsor at npeterson@psdschools.org/970.290.9399 for any questions. Thank you!
